

Edmonton Social Research Directory

2012 Edition

Published by the Edmonton Social Planning Council

The Edmonton Social Planning Council is an independent, non-profit, charitable organization. Our focus is social research – particularly in the areas of low income and poverty.

We are dedicated to encouraging the adoption of equitable social policy, supporting the work of other organizations who are striving to improve the lives of Edmontonians, and educating the public regarding the social issues that impact them on a daily basis.

Our Vision

A healthy, just and inclusive community.

Our Mission

The ESPC provides leadership within the community by addressing and researching social issues, informing public discussion and influencing social policy.

About the Social Research Directory

In the 1980s, the Edmonton Social Planning Council published the *Social Research Directory*. This guide was created to provide information about library collections of use to social researchers. While the ESPC hoped to update the *Directory* biannually, publication halted in 1989. We believe that this is a valuable resource for the social research community. The *Social Research Directory* was resurrected in 2010 and was updated and expanded in 2011.

Libraries and resource centres are included in this directory based on the following criteria:

1. The library or resource centre collects information about the individuals and groups that make up society, their welfare, and their interactions.
2. The public has access to the collection, even if material does not circulate or hours and service are limited.
3. The collection is located in Edmonton.

While many libraries and resource centres are included in this directory, **it is not exhaustive**. The directory depends on information submitted by eligible collections. If you are aware of a collection that should be included in this directory but has been missed, please contact library@edmontonsocialplanning.ca.

Edmonton AB, T6G2H1

Phone Number	780.492.0815
Fax	780.492.0268
Email Address	brettl@ualberta.ca
Collection Description	<p>The REES Library was established in the early 1960s, shortly after the formation of the Department of Agricultural Economics and Farm Management (the department changed its name three times since then: Agricultural Economics and Rural Sociology in 1969, Rural Economy in 1975, and finally Resource Economics and Environmental Sociology in 2011). It is named for an early staff member. It houses one of the premier agricultural economics collections in Canada, and is one of the largest departmental libraries on the University of Alberta campus. It is unique and interdisciplinary in nature.</p> <p>The library and its staff of one librarian support the research and teaching functions of the department. It contains material in the subject areas of agricultural economics, natural resource economics, forest economics and rural and environmental sociology. There are approximately 25,000 books and government documents, 200 periodicals (journals, magazines, newsletters and newspapers), 50 Statistics Canada catalogues and 40 U.S. Dept. of Agriculture periodicals housed in the library. Departmental theses are an important part of the collection.</p> <p>The Rural Economy Library serves primarily the academic staff and graduate students of the department. Other borrowers include undergraduate and graduate students of other departments and faculties, academic staff from across campus, government employees, former students, consultants and other libraries.</p> <p>Close liaison is maintained with the UofA Library System, most particularly with the Sci/Tech Library.</p>
