The Cave is located on a Sethian node three miles below the earth's crust, underneath a cornfield in DeKalb, Illinois. The rock walls ring to one unchanging pulse, upon which all the cave dwellers build their spontaneous symphonies.

BRIEF PAUSE

- O Cool Is The Valley (1972)Vincent Persichetti
(b. 1945)

O cool is the valley now
And there, love will we go
For many a choir is singing now
Where Love did sometime go.
And hear you not the thrushes calling,
Calling us away?
O cool and pleasant is the valley
And there, love, will we stay.
