Fourth International Conference**

**Sustaining Canada's Forests:
Building Momentum**

Proceedings

**June 20-22, 2006
Edmonton, Alberta, Canada
Shaw Conference Centre**

ABSTRACT

This document contains the abstracts, manuscripts, poster and Powerpoint® presentations of keynote, session and poster presentations made at the Sustainable Forest Management Network Conference held in Edmonton, Alberta, Canada, June 20-22, 2006. The materials cover many different subject areas relating to sustainable forest management. Topics include: ecology, economics, tenure, hydrology and riparian areas, wildlife, forest dynamics, modeling, public participation, and sustainable Aboriginal communities. Abstracts of keynote presentations, discussion forums, partner showcases, session presentations and poster presentations are included here and in the associated hard copy document; corresponding posters, papers and Powerpoint® presentations where provided by the authors are included on this CD.
