

The Deakin Review of Children's Literature

an open access journal proudly produced by the University of Alberta Libraries

The *Deakin Review of Children's Literature* is an electronic quarterly review of contemporary English-language materials of interest to children and young adults.

Particularly useful to librarians, parents, teachers and anyone working with young people; also includes news relevant to children's literacy.

Books reviewed may be electronic or print, and range from picture books & non-fiction to young adult fiction. Each issue contains approximately 25 reviews.

Books are selected by the reviewers so the scope of the content is as varied as the reviewers' interests.

All books selected for review are added to the University of Alberta's Bruce Peel Special Collections Library as a non-circulating research collection.
