Tutorial: Learning the Basics

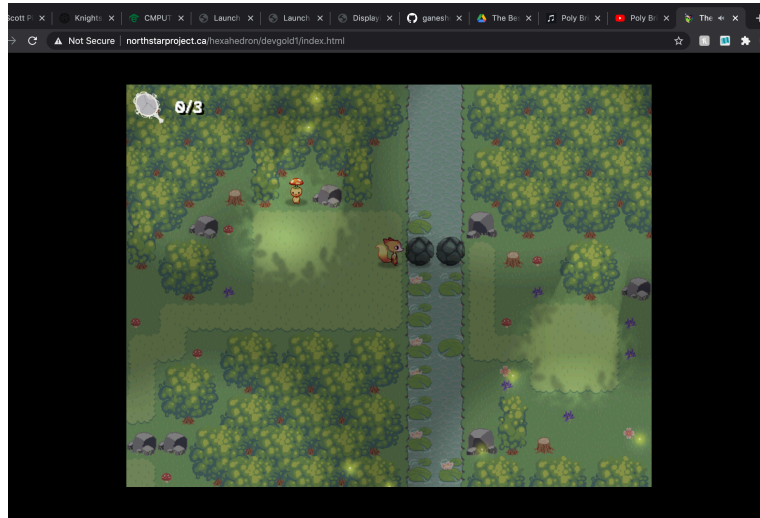

1. Once the game begins, move up the path where you will find a mushroom creature being attacked by a deer.

2. After the dialogue, move up and go into the first entrance on the left
3. After watching the deer push a boulder, push [Z] the remaining boulder up 1 and left 4

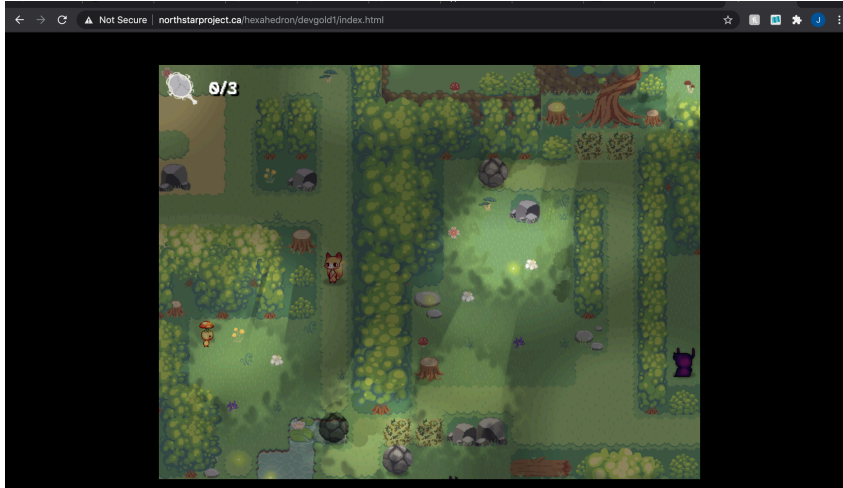

4. The next path will be blocked by a boulder. Push [Z] it up until you can move around it.
5. Cut [X] the shrub and push [Z] the boulder nearest to the river into the water. Push [Z] the other boulder 1 up and right 4.

6. After the cutscene of the deer turning into a Dusk, use your tail light [Space] to make the Dusk push the boulder forward until the cutscene plays.

Level 1: The First Mirror Shard

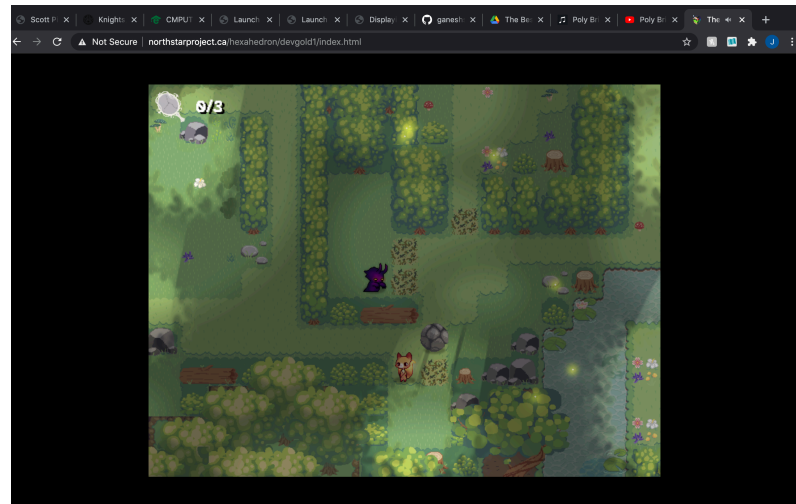

1. Cut [X] the three shrubs when you enter the level
2. Push [Z] the boulder right 1, then 7 down (until it's in the water)
3. Cut [X] the two shrubs after you cross the water, and use your tail light to

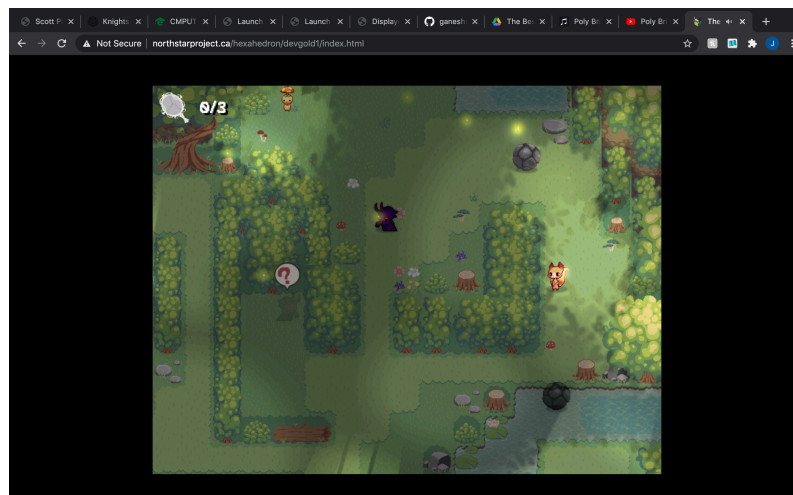

make the Dusk move back. Then push [Z] the boulder forward so you can get by (this will also trap the Dusk).

4. Move up and you'll see a boulder. Push [Z] this boulder all the way to the right. Then cut [X] the two shrubs so you can get behind the the boulder, and push [Z] the boulder all the way down. Then push [Z] the boulder right until it is in front of the rightmost of a pair of cuttable shrubs (there will be a space behind the shrubs). Cut [X] the shrubs so you can get behind the boulder, then push [Z] the boulder up 2. Turn on your light [Space] (so the Dusk doesn't attack), and push [Z] the boulder up one, then all the way right.

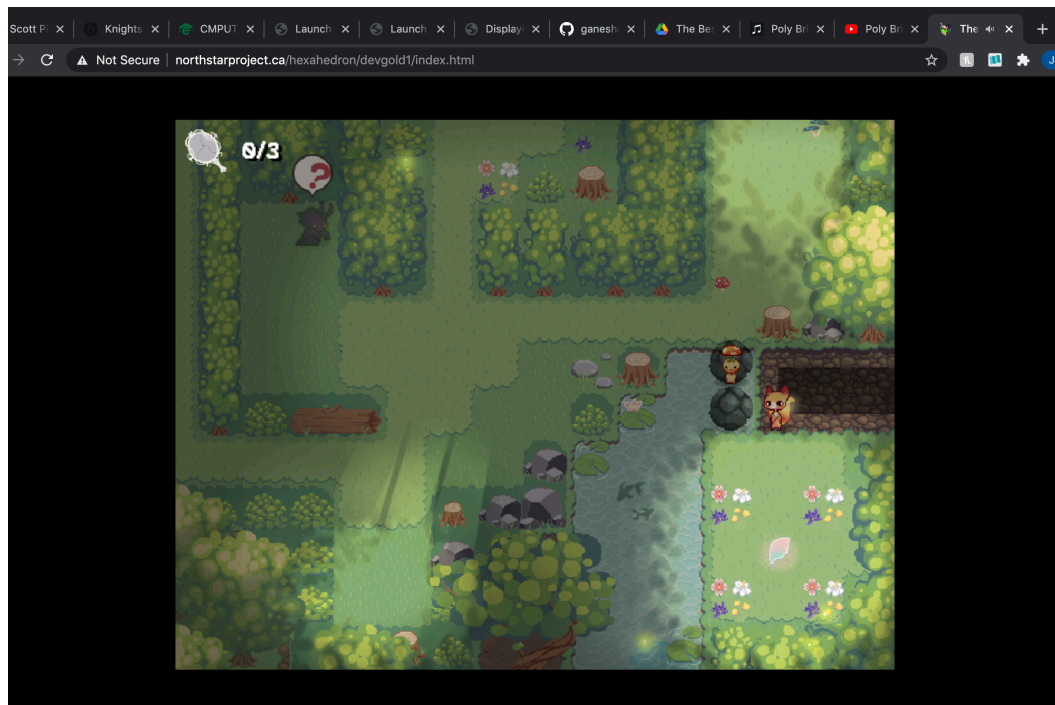

5. Go back and cut [X] the shrub blocking the entrance to where the Truffle was shown to be. Here you will find another boulder surrounded by shrubs.

Clear all of the shrubs, but don't push the boulder yet. Instead walk past it and push [Z] the previous boulder (which is now in front of the water) into the water.

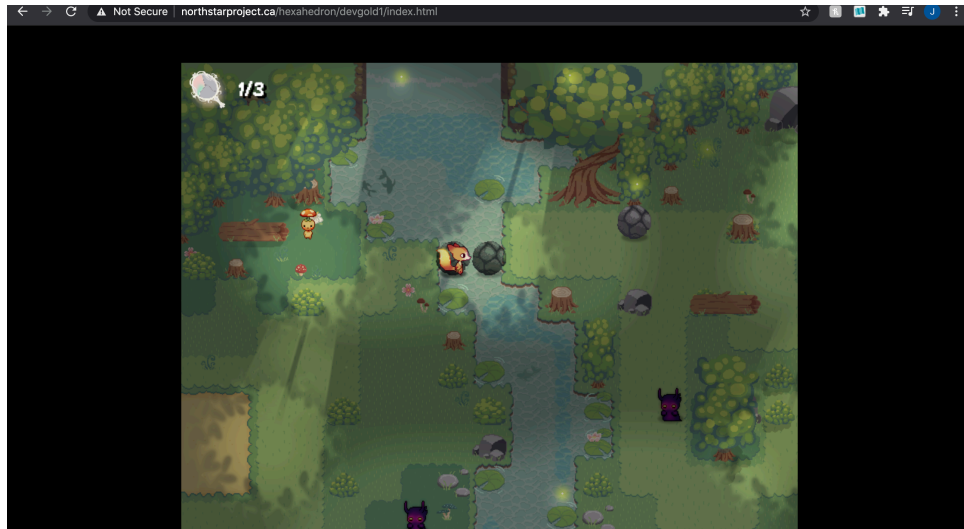

6. Now go back to the boulder you haven't moved yet. Push [Z] it in this sequence: 1 down, 1 right, 8 down. Now the river flow is cut off (which will allow access to level 2). To end the level, pick up the mirror shard.

Level 2: The Second Mirror Shard

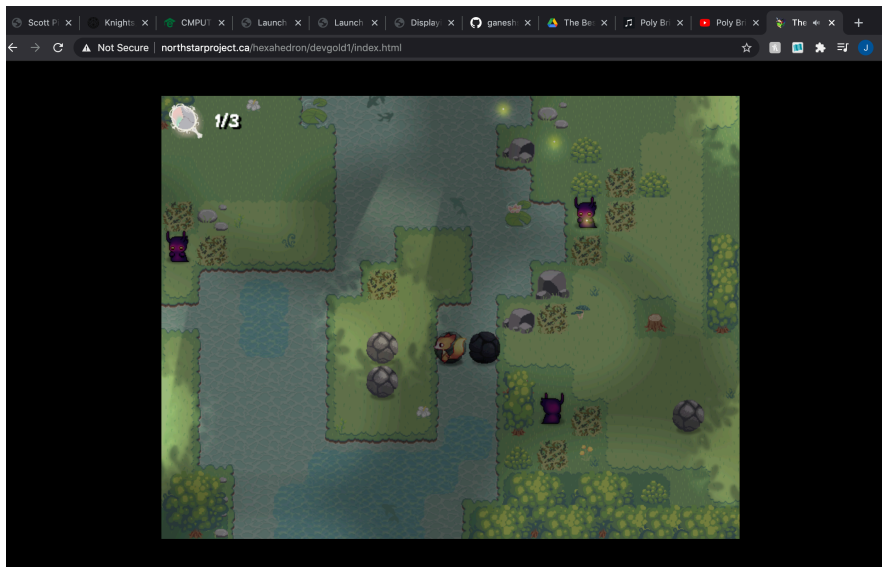

1. When you enter the level, there will be two boulders. Start by pushing [Z] the one closest to the Truffle into the river, then do the same with the other.

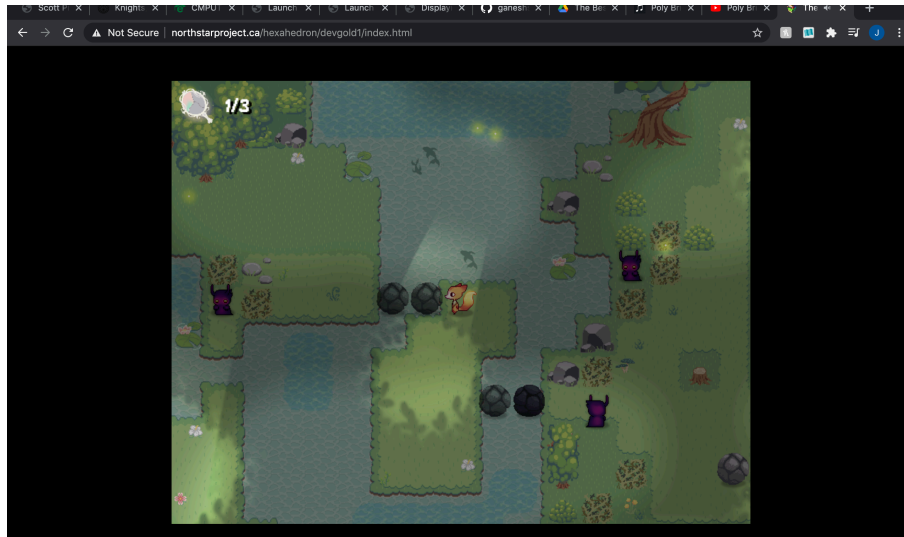

2. When you cross the river, there will be one boulder on the island. Push [Z] this boulder in this sequence: 2 right, 1 down, 1 left, 2 down, 4 right, 1 up, 4 right, 4 down.

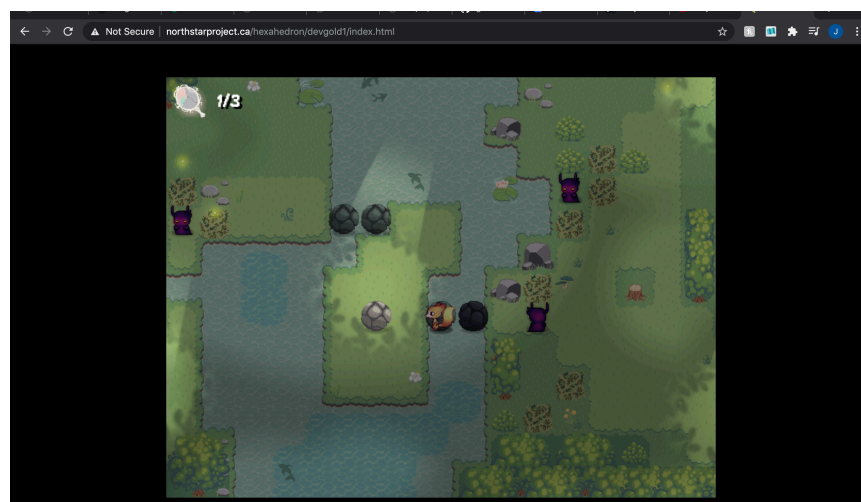

3. Once you cross the boulder bridge, go to the very bottom of this new island. There you will find two Dusks trapped by shrubs, two normal boulders and one dark boulder. Let the bottom Dusk out by cutting the top shrub [X] of the three shrubs trapping it. Lure the Dusk in front of the dark boulder, then use your light to make the Dusk push [Z] the boulder into the water.
4. Push [Z] the boulder that's in front of the stump all the way left until it ends up in the water.

5. Move onto the next island, and push [Z] the bottom of the two boulders in this sequence: 1 right, 4 up, 1 left. Then push [Z] the other boulder in this sequence: 1 right, 3 up, left 2.

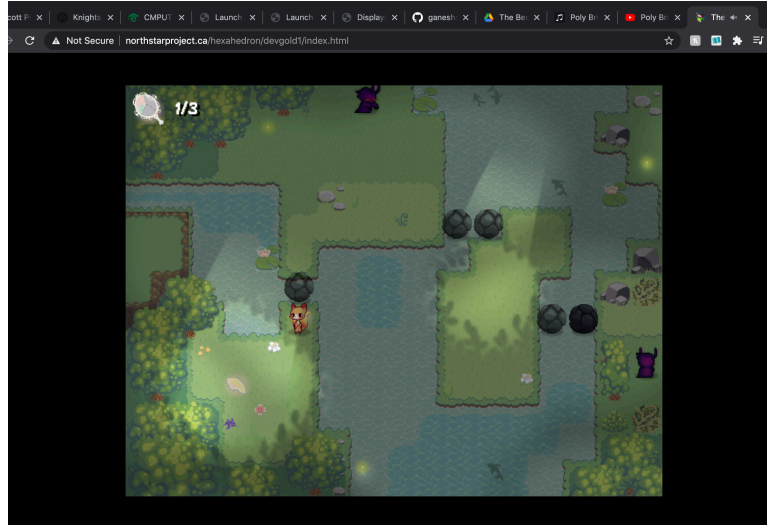

6. Return to the previous island, and push [Z] the remaining boulder in this sequence: 2 up, 9 left, 1 right, 3 up, 4 left.

7. Cut [X] the two shrubs on the island you are now on. Then push [Z] the boulder left 3 and down 2.

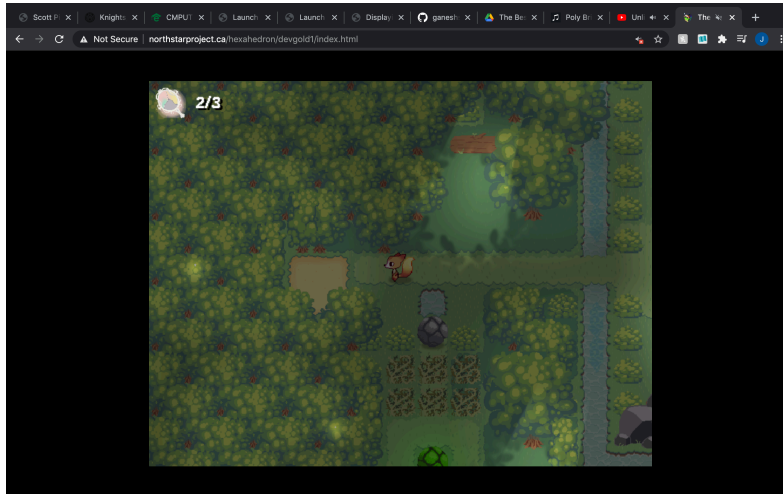

8. Grab the mirror shard to end the level

Level 3: The Third Mirror Shard

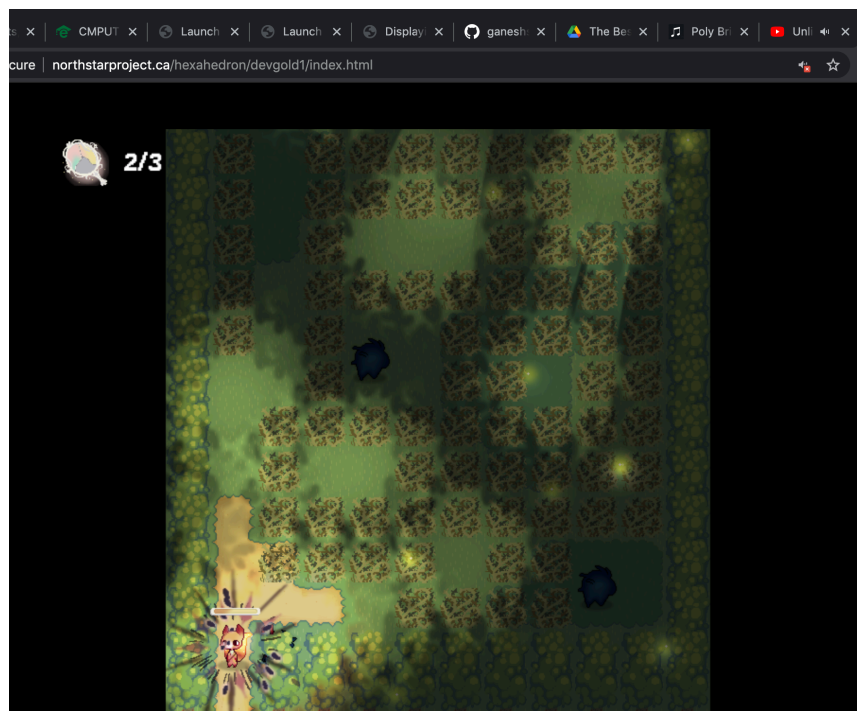

Note: Since this level has three parts that can be done in any order, this walkthrough will explain how to do each level separately. However, this doesn't have to be done in this order.

Green Boulder

1. Enter the forest on the left

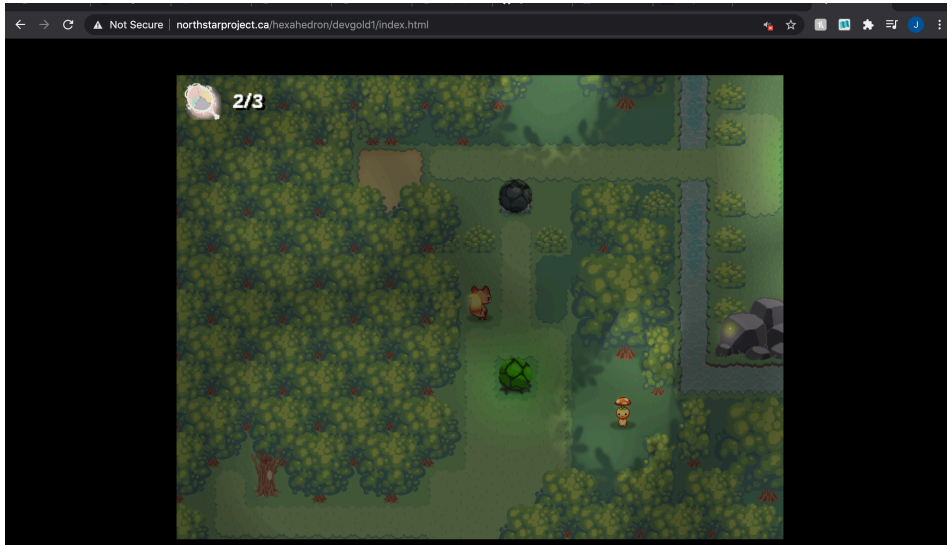

2. Once you enter, you will see a dark maze of shrubs filled with Dusks. This puzzle is fairly simple. Just find the exit (which is located at the bottom left of the map) by cutting through the shrubs [X] to move through the area (Move quickly to avoid the Red Dusk).

3. Once you make it through the maze, follow the path to the green boulder.

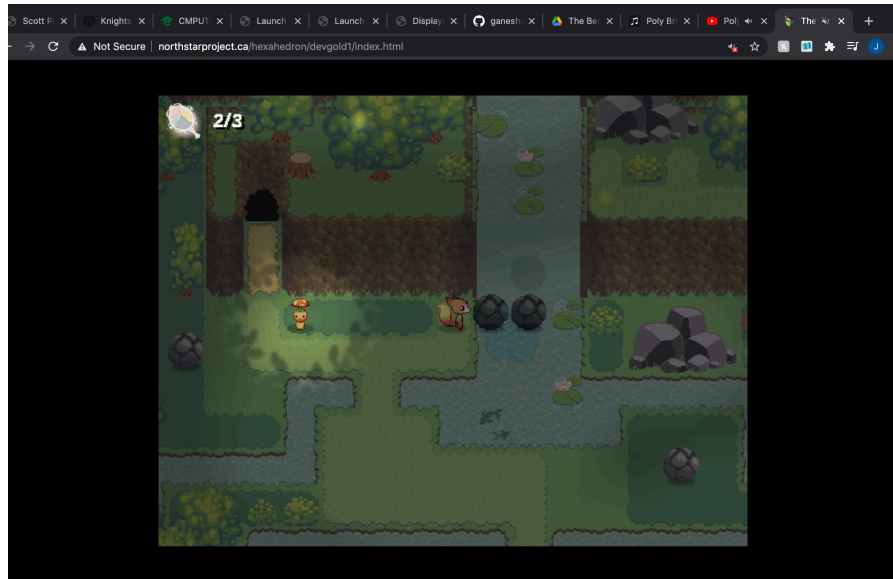

Remove all of the shrubs that you see blocking the exit. Push [Z] the normal boulder into the water spot so you can get the green boulder out.

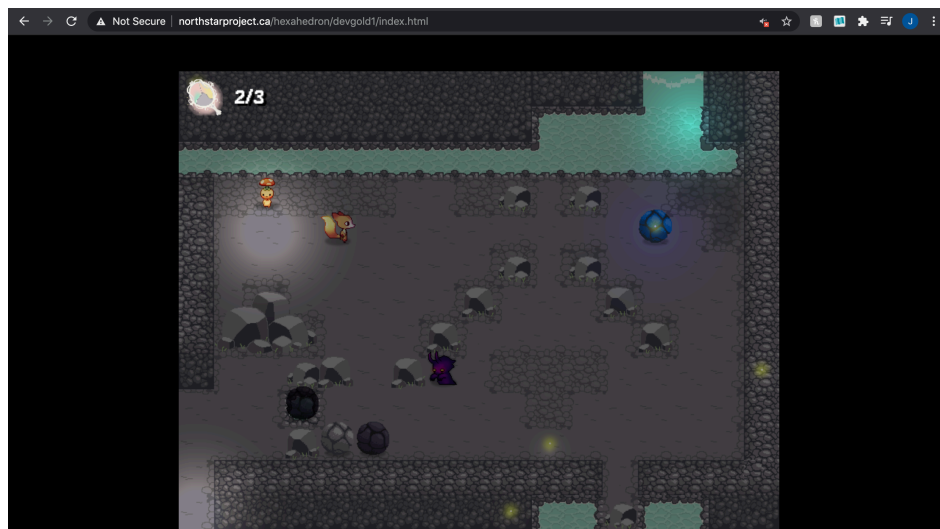

4. Push [Z] the green boulder up 5, and right 9

Blue Boulder

1. The blue boulder is not in plain sight, but hidden in the cave. To gain access to the blue boulder, you must enter the cave using the entrance behind the waterfall.
2. Push [Z] the boulder closest to the waterfall right 1 into the water. Next, push [Z] the boulder below you in this sequence: up 4, right 4. Now walk upwards into the hole.

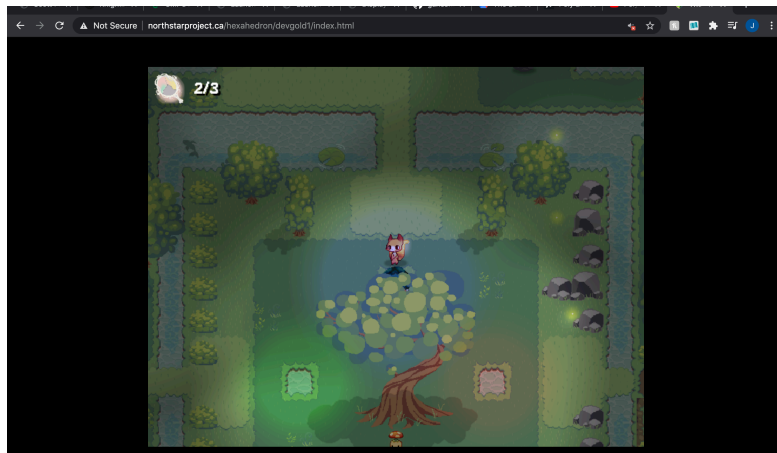

3. When you enter the cave, you will see a Dusk, the blue boulder, two black boulders and one normal boulder. First push [Z] the normal boulder one to the left. Then use the Dusk to push the higher black boulder down 2, and the other black boulder left once into the water.

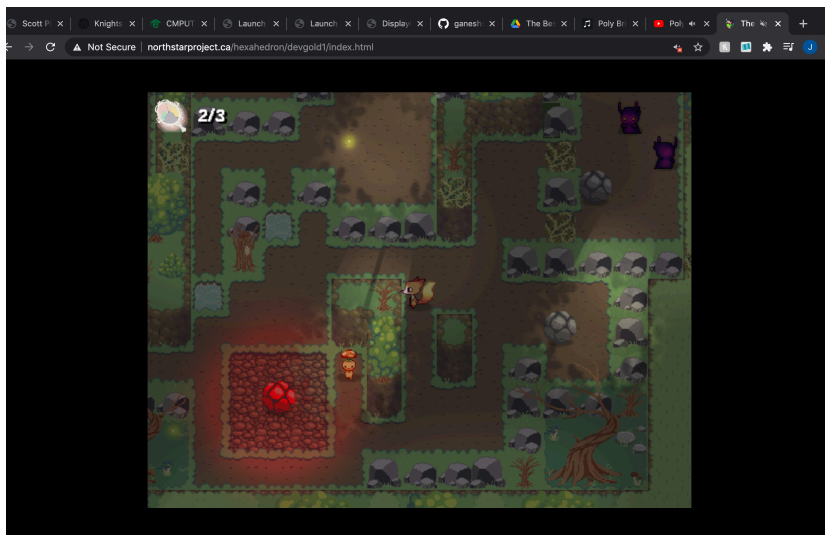

4. Now push [Z] the blue boulder to the exit on the left (now that it's accessible)

5. Once the blue boulder is outside, push [Z] it in this sequence: 1 down, 3 right, 4 down, 4 right, 6 down

Red Boulder

1. From the red boulder, move right until you see a normal boulder (clear any shrubs you see along the way. Push [Z] this normal boulder in this sequence: up 1, left 4, up 1, left 4, up 1

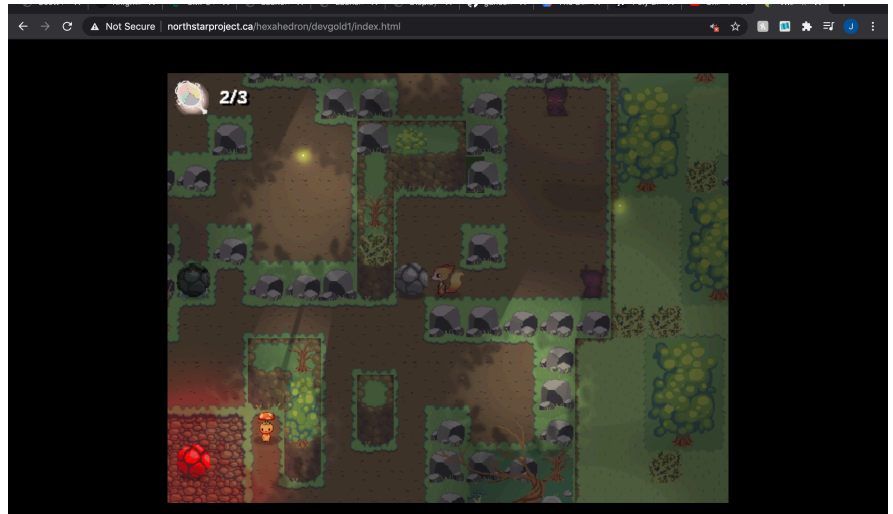

2. Return to where you found the normal boulder, and above you you will see another boulder being guarded by two Dusks.

After clearing away the shrubs that block access to the boulder, push [Z] the boulder in the following sequence: 1

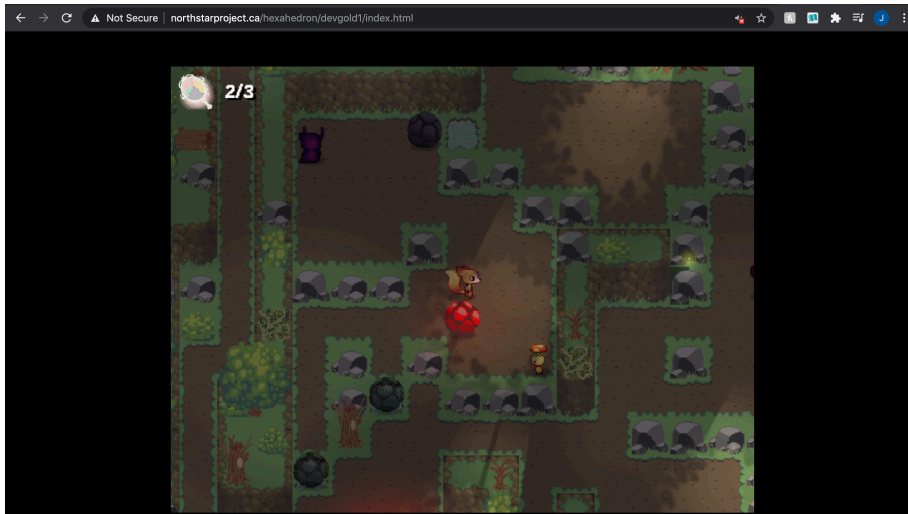

down, 3 left, 2 down, 2

left, 1 up, 4 left, 1 down

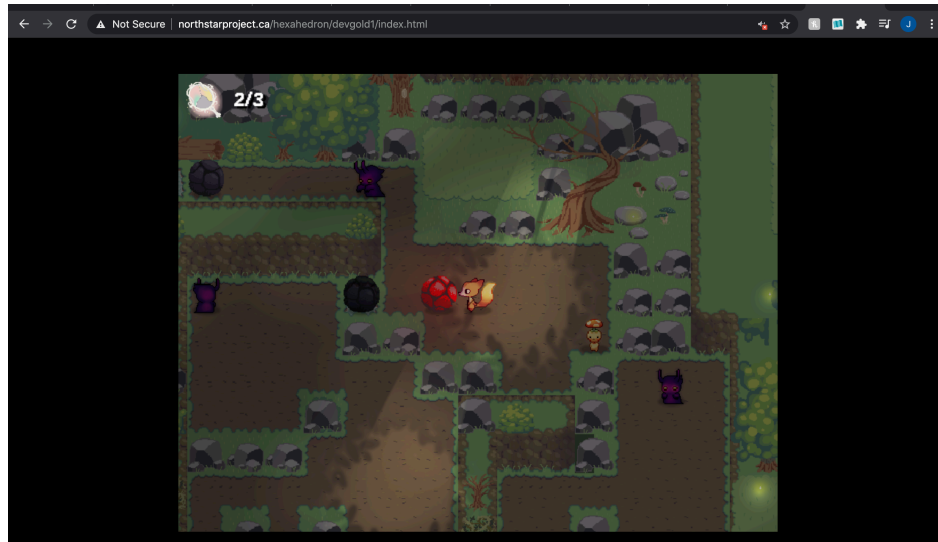

and 2 left.

3. Now push [Z] the red boulder in the following sequence: 7 up, 2 right

4. Stop pushing the red boulder and enter the area above you that has the Dusk. Use your tail light to make the Dusk push the black boulder into the water. Above you, the path will be blocked by another black boulder and be guarded by a Dusk. Use the Dusk to push the black boulder into the water.

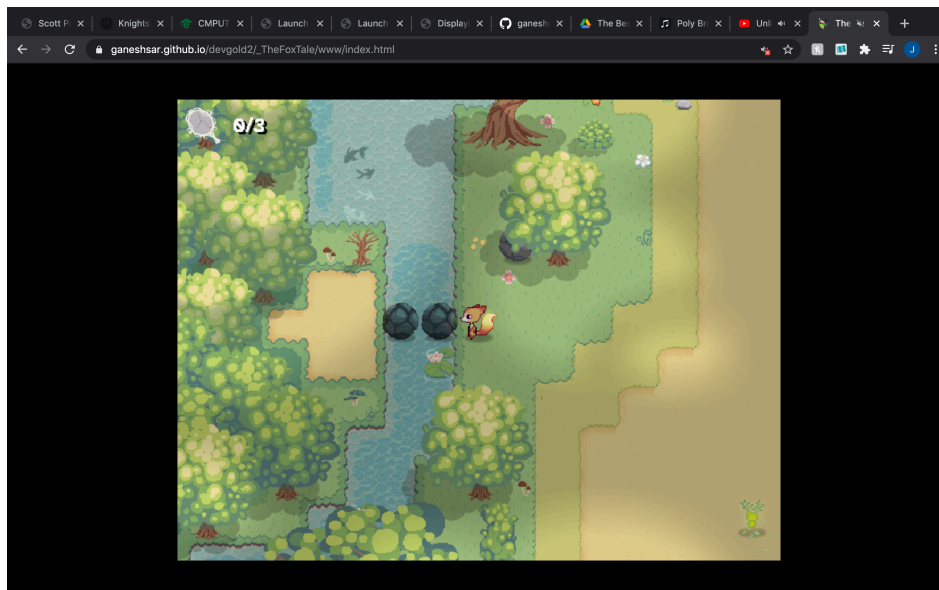

5. Return to the red boulder and push [Z] it in this sequence: up 3, left 2, up 2, right 4, up 1, left 1, up 2, left 14.

After all of the boulders are collected, a cutscene will play. After it ends, grab the mirror shard to end the level.

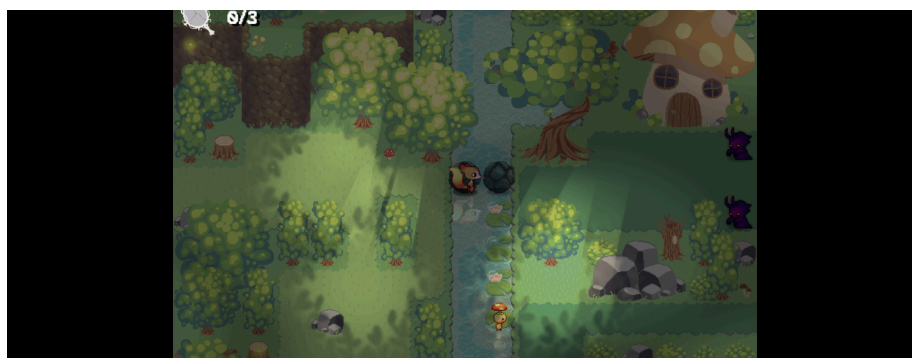

Easter Egg Level: Increasing Your Light Energy and Changing your Style

(Note: This level can be done at any time)

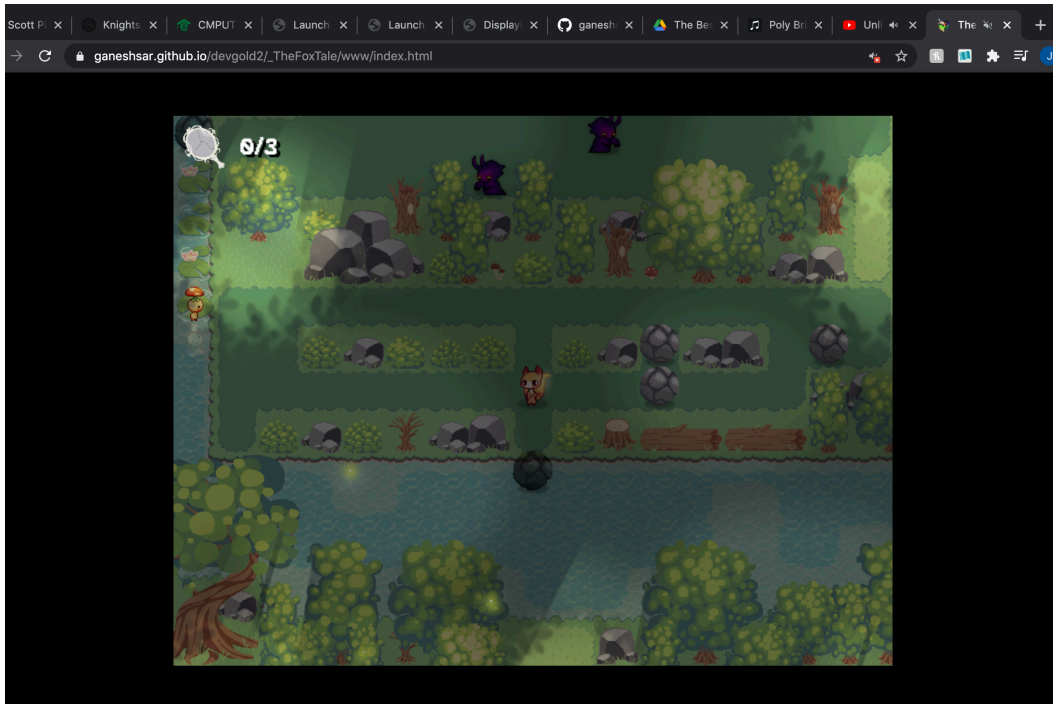

1. In the forest clearing, push [Z] two boulders into the water to form a bridge to the opening across the water.

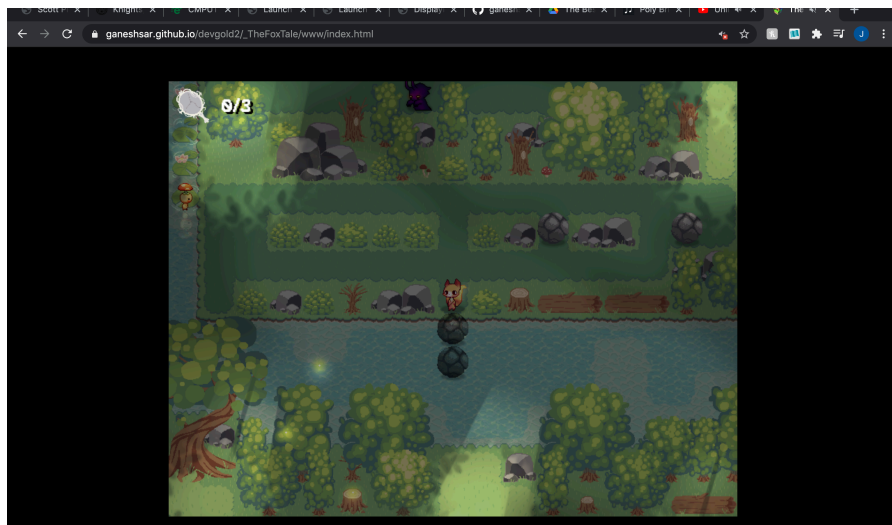

2. When you enters the level, they will be greeted with a cuttable shrub, along with two boulders. Cut [X] the shrub, and push [Z] the boulder that's closest to the water into the water. Then, push [Z] the other boulder in this sequence; 1 right, 3 up, 4 right.

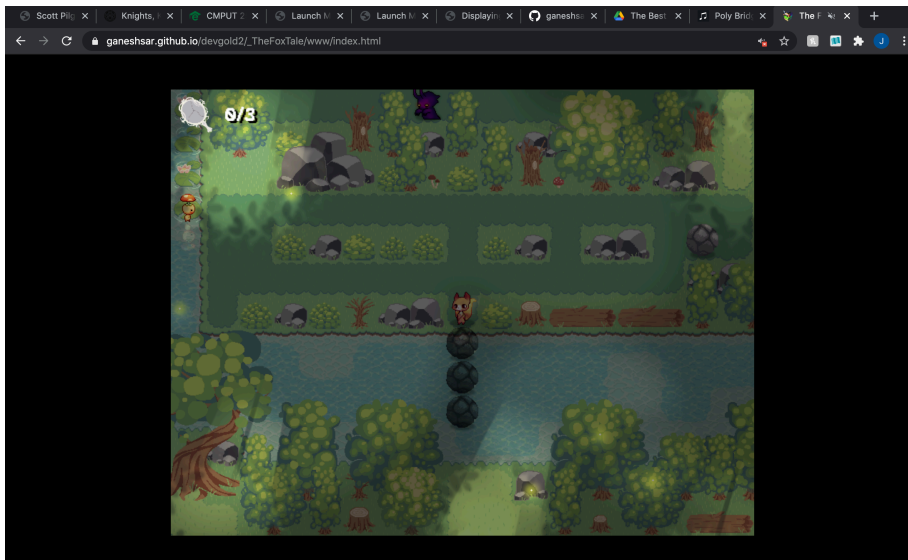

3. On the next island, after getting past the Dusks and the shrub in the way, you will be greeted with 4 boulders. Push [Z] the boulder closest to the water into the water (remove the shrub in front).

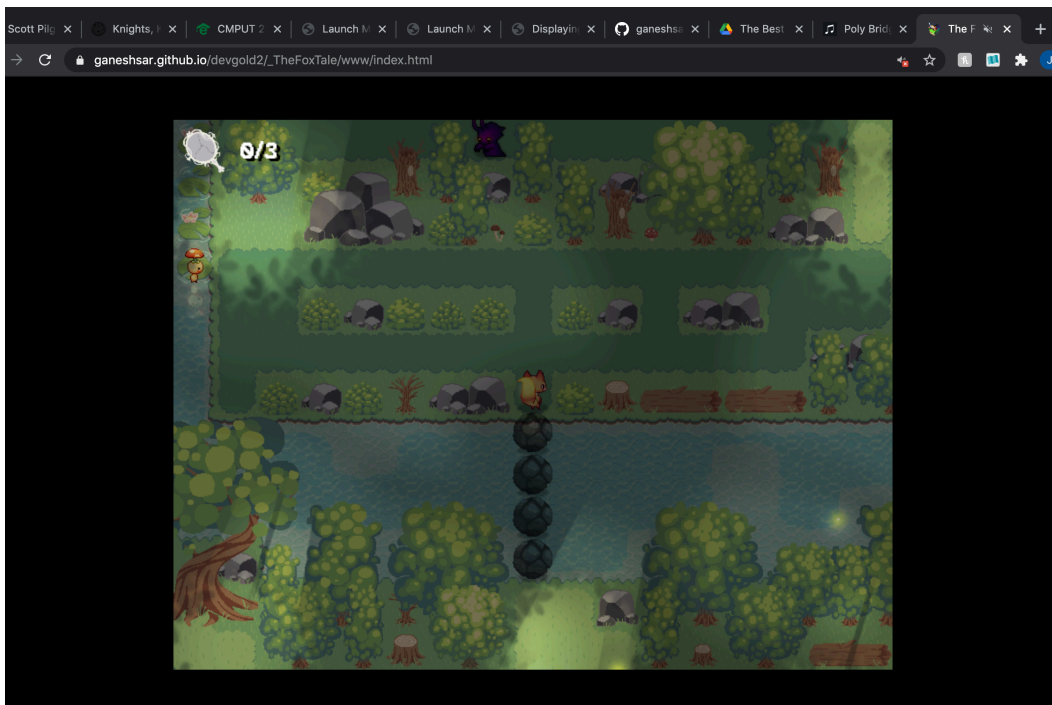

4. Next, there are two boulders right next to each other. Push [Z] the bottom of the two 3 to the left, then 3 down.

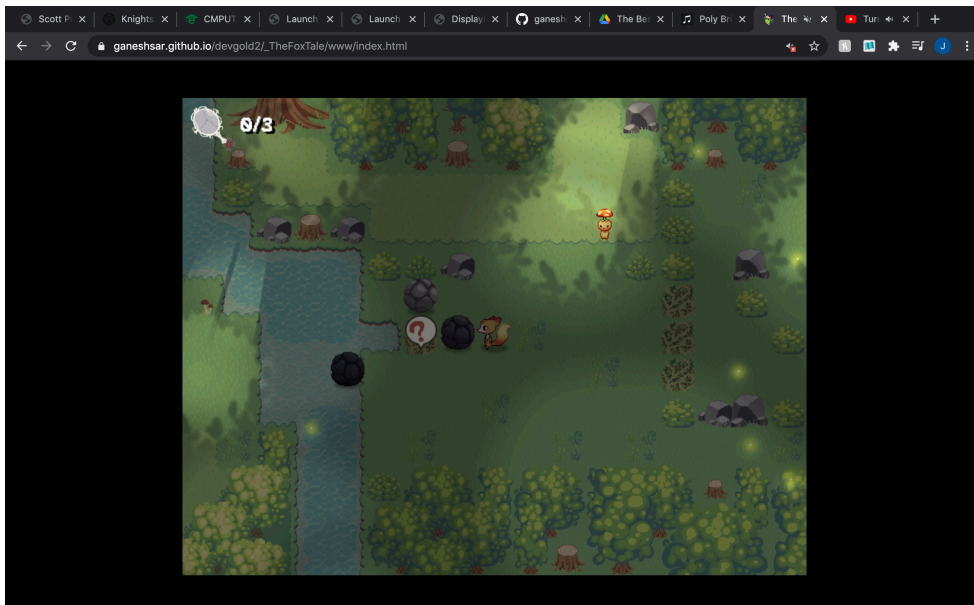

5. Next is the top boulder. Push [Z] in tis order: 1 down, 3 left, 4 down.

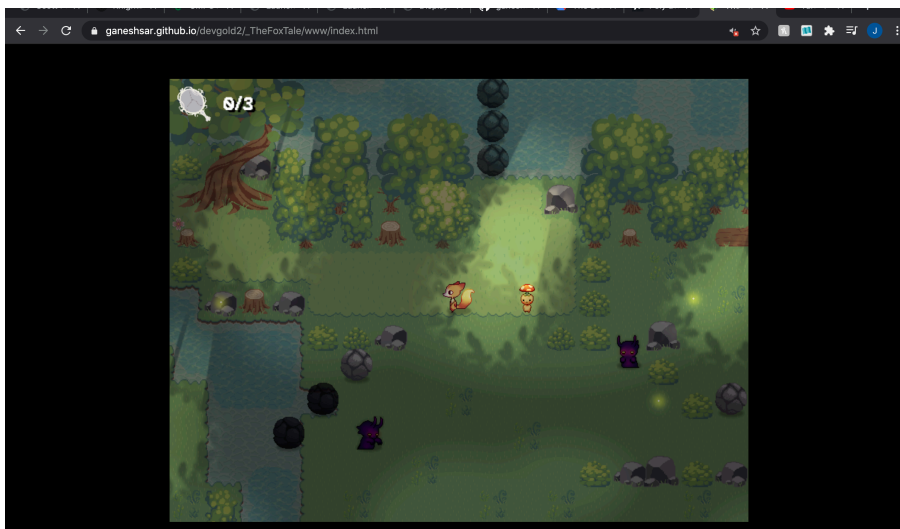

6. And now, for the last boulder on the island. Push [Z] the boulder in this sequence: 1 left, 1 up, 12 left, 2 down 6 right, and then 5 down.

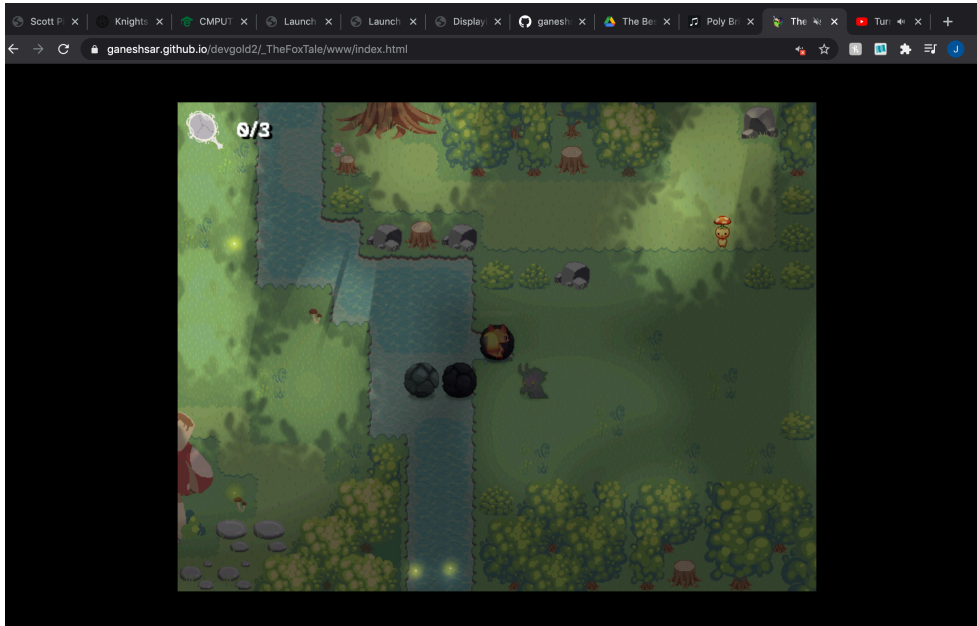

7. On the next island, there will be two black boulders, a Dusk with shrubs around it, and a grey boulder. First use the Dusk to push the black boulder nearest to the water into the water.

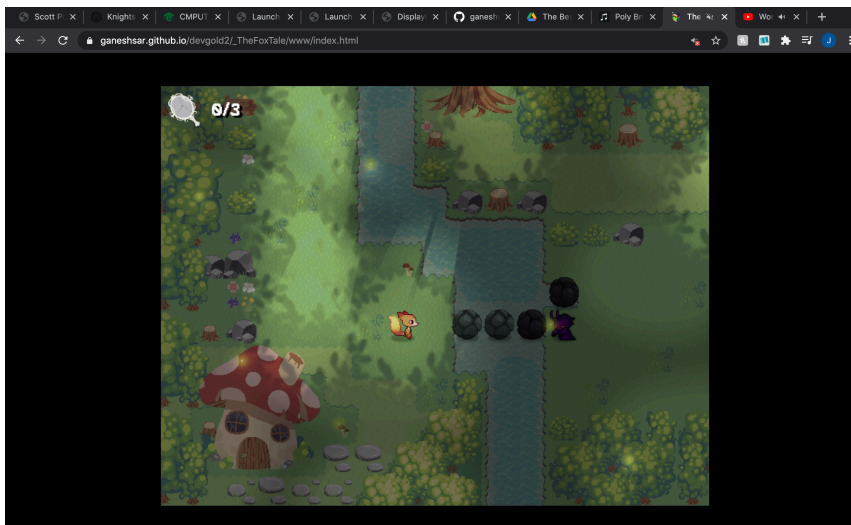

8. Now, use the Dusk to push the other black boulder into the part of the water that is sticking out.

9. Now that you can get to the left side of the grey boulder, push [Z] the grey boulder into the water where the first black boulder was pushed.

10. Now, if you move to the right of the island, they will see a grey boulder surrounded by shrubs. Push [Z] this boulder to be part of the boulder bridge that is being built.

11. After the final boulder is in place, go to the island it leads to, and talk to the NPC to claim your reward.
